3 The history of the loan to Krishnagaramanni & Seddaraj Urs on the mortgage of Themmenle village, briefly told, is as follows

The late Mr. Seddaraj Urs jointly with Krishnagaramanni obtained a loan of Rs 19000 on the mortgage of the Inam Themmenle village Estimated to yield Rs 2200 a year on condition of its repayment in instalments of Rs 2000 annually, in default whereof the management was to be assumed by Govt. vide G.O. No. $\frac{17220-1}{R\ 2445}$ dt. 13-4-1

A further loan of Rs 10000/- on the same security was obtained by the same parties on the same conditions of hypothecation and liquidation — the annual instalment of repayment having been fixed at Rs 2500/- & the consolidated loan standing at Rs 27500.

G.O. 9264-65/Rt 106-96 dt. 25-4-1897.

The stipulated repayments were irregular and unsteady with the result that the attention of Govt was directed to the unsatisfactory condition of the loan account as also to the alleged alienations improperly by Mr. Nanjaraj Urs, who incurred the displeasure of the Mysore Govt. prejudicial to Govt interests therein. Under the circumstance the assumption of the management of the mortgaged village was ordered. vide G.O. $\frac{7853}{Rt\ 274-04}$ dt. 18. May 1905

4 Mr. Nanjaraj Urs. from his representations which are pending disposal would, while urging on the attention of Govt that accounts of receipts and expenditure, credits and debits to the loan

account and how balances against him are struck; seem to indicate that there has been an infringement of the terms of transaction between the Mortgagor & the Mortgagee. The tenor of his complaint is to attribute the non-adjustment of the loan to a result of a gross mismanagement of his village by the Govt agency. He contends: if it is not incumbent on Govt to furnish the necessary accounts to the Mortgagor and requests to be furnished information in detail in regard to the (a) the yearly income of the village.

(b) —— expenditure

(c) credits given towards the principal & interest

(d) the cost of Establishment

(e) the date when Govt actually assumed charge of the management of the village

5 It is therefore respectfully suggested that the petition may be referred to the Dy Comr Ellpore with a request that the necessary information may be furnished to the Petitioner and a report furnished to Govt for information. Subd for orders with a draft—

taking in to consideration the fact that practically no income was being realised even when the estate was under the management of the debtors, it may be safely inferred that the income from the property has been over estimated with the result that not a pie has been remitted towards the loan during all these years while the arrears of interest have accumulated to more than nearly 13,000 Rs.

Amount of loan 27,500.

7 It is therefore very necessary to make some satisfactory arrangement for the recovery of this loan as under present circumstances there is no chance of it being ever recovered in full. If approved this matter will be taken up and a letter put up to the D.C. pointing out the unsatisfactory features present and asking him for suggestions to place the matter on a satisfactory basis.

Exemption from the levy of penal interest.

[C] This is a point for the orders of Govt. Mr. Narayanaj Iles would seem to insinuate that he is not liable to the levy of penal interest for an act, of what he considers culpable on the part of Govt; viz the entrusting of to the care of the lady the management of the village when there was a default in the adjustment of the instalment due for payment against the in contravention of the terms of mortgage.

Use cause of dispute the management of his lawful guardian by.

Supply to him, free of cost, copies of accounts

20 The D.C. Coimr Mysore may be asked to report, if approved, if for Govt management of these mortgage properties a fee - or percentage of income is being levied and if so. Copies of accounts may be furnished to the mortgagors. The borrower of loan from Govt would seem to want the Govt. to not only be responsible to him for efficient management of the property but also save him the cost and trouble of getting the accounts of income etc of his village. The D.C. Coimr has already furnished him with D.C.'s Statements and accounts showing the assessment of the Collections. He is not content with them

Under what rule or agreement is he entitled to the copies of the several accounts referred to by him? What are his rights under the agreement & ordinary law?

2 the determination of the amount of principal due from him — Mr Narayanaj Iles

wants other village accounts merely to raise objns to D.C's figures.

I agree. But an unsettled excise revenue cannot be mixed up in the loan transaction. If it is proved that Govt wrongly retained excise revenue due to the petitioner for a number of years, he may claim interest on the amount due to him. Nor can the fact of Govt. not having taken up the management earlier be regarded as a valid ground for waiving penal interest due under the agreement. The clause marked A in the paper at Flag Z can only mean that Govt expressly retained the power of taking over management in case of default & were by no means bound to exercise such power. In fact, to leave the management with one of the proprietors for a time was a concession to the debtors & it was the duty of the person in charge to press in the first instalment.

What is the general
interest in the case of these enemy
pensioners? Is it unique
(2 p.c. in all cases? Does seem to
be undesirable to. I notice that there
was a case of a file sent
to H. Ly was on the question of
raising the penal interest from 6 to 8 p.c.
as recommended by the Comptroller in
accordance with the revision applied
in Br. India. Can be reconsidered

5 What is the general principle in the case of these enhancements? Is it uniformly 12½ p.c. in all cases? Does seem to be rather high. I notice that Lord Inchcape in drawing up a scale of pay for H.M. Customs was of opinion that 6 to 8 p.c. was sufficient. The recommendations of the Committee in accordance with the revision appointed in Bo. India. Cannot be recommended

6a Agents, who represent landowners and tenants of the latter - if the representation should not be upheld - may be drawn towards the similar method & may lay claim to be paid interest on the arrears in question, Zalandar. If I remember right, such a request was acceded to in some cases. It will form a very inconvenient precedent if this, a concession by way of remission in the rate of penal interest is made applicable

66 The Excise refund account and the loan account are quite separate & independent of each other. These are dealt with in separate departments of Govt. Each account in itself is complicated affair. In my opinion it will tend to simplicity and help prompt disposal of cases if, as a general rule, the accounts are kept separate. To shew credits in the loan account on account of amounts due on the Excise account as a general practice would lead to complication.

67 The draft will be framed in present case with the addn. desired by the Dewan Saheb. The Rev Secy is requested to kindly note the last sentence of the draft in connection with the Excise Rev. refund of the Income Tax. The amount roughly calculated as at A above may be kindly sent to Fin Dr. for apportioning relief to the Income Tax as regards interest.

Secretary to the Government of His Highness

the Maharaja of Mysore, Financial Department

Bangalore.

Sir,

With reference to your letter No. Fl.5825/G.F.111-15-10 dated the 16th May 1916 forwarding for report three petitions received from Mr. M.S. Nanjaraja Urs, Inamdar of Sarvamanya -- Thumba Nerle Village, Nanjangud Taluk complaining (1) that the conditions on which the management of his Inam village was assumed, under the terms of the mortgage, are not being observed and (2) that accounts connected therewith are not being furnished to him &c, I have the honor to state as follows:--

A loan of Rs.29000/- was granted to Mr. Siddarajurs and Krishnajammanni Avaru as per Government Proceedings quoted in the margin on the security of the Inam village of Thumba Nerle subject to conditions that:-

1. 17220-1/R.F.2445 dated 13-4-1895 for Rs.19000/-.
2. 9864-65/R.F.106-96 dated 25-4-1897 for Rs.10,000/-.

(1) The Inamdar with whom the management of the village should continue, should repay the Government Loan and interest at 5 per cent by annual instalments of not less than Rs.2500/-, and (2) (2) that in case of default in the payment of any instalment the Inamdar was liable to pay a penal interest of 12 per cent on all overdue instalments, and further the Government might assume management of the Inam village.

2 Mr.Siddaraj Urs having died, Krishnajammanniavaru became the sole manager of the Inam village as the guardian of Mr. -- Nanjaraj Urs who was then a minor. Except a sum of Rs.1500/- paid by her at the beginning, she did not pay anything towards - the repayment of the Government Loan, and the amount of principal outstanding against the Inamdar was Rs. 27500/- when the management was in her hands.

On account of her continued default in the payment of the Instalments, a recommendation was submitted to Government in this Office letter No.935 dated the 25th April 1905 for the immediate assumption of the management of the Inam village which was sanctioned by Government in their Proceedings No. Fl.7853-4/Gl.Fin. 274-04-6 dated the 18th May 1905. Accordingly the village was brought under Government Management in the year 1904-05.

5 In the statement of adjustments intimated by the Comptroller to Government, a sum of Rs.7816-9-9 has been shewn as penal interest due from the Inamdar for the period during which the village -- remained under his management. Consequently the loan outstanding against the Inamdar has remained the same even after the management was assumed by Government, as no part of the income from the village is available for adjustment towards the principal.

6 Mr. Nanjaraj Urs at first requested to be furnished with accounts showing the demand, collection and Balance of his Inam village, the expenditure incurred out of collections, and the - details of adjustments of the net collections towards the repayment of the loan and interest from the very beginning and complained that the terms of the mortgage deed are not being observed etc. The statement containing the said particulars from 1904-05 to 1914-15 was furnished to him with this office Yadi No.99 dated 13/23-4-1916.

7 Thereupon he addressed two yadis to this office on 29-4-16

and 4-5-1916 intimating that he had made arrangements to discharge the Government loan and requesting to be furnished with

1. Statement of Jamabandy Goshwar from 1904-05 to 1914-15.
2. Khetwar and Pahani accounts.

) the marginally noted accounts, and further

prayed that the penal interest charged in the accounts may be remitted on the ground that he was not liable to pay the same as he was then a minor and that it was open to Government to assume the management as soon as there was default in payment instead of allowing its management to remain in the hands of Krishnajammanniavaru.

2 In reply he was informed that it ~~was~~ is not within my power to grant remission and that he should apply to Government in the matter.

3 As regards the accounts he wanted, he was informed that the statement of Jamabandy Goshwar for the years 1904-05 to 1914-15 had been called for from the Amildar, Nanjangud and that on receipt the same will be forwarded, and that for the Khetwar and Pahani accounts he may either apply to the Amildar and obtain copies thereof, or send one of his men to the Taluk --- Office to take copies of the same.

4 The petitions received with the letter under reply as also those presented in this office are submitted herewith.

I have the honor to be,

Sir,

Your most obedient servant.

Deputy Commissioner, Mysore District.

Dated Bangalore, the 11 January 1917.

Sir,

In inviting reference to correspondence ending with your letter No.676 dated 22nd May 1916, submitting a report on the petition of Mr. M.S. Nanjaraja Urs, Inamdar of Thumbanerle Village I am directed to observe that the annual realizations from the properties mortgaged to Government by the late Mr. Siddaraj Urs and Krishnajammanni and now under Government management, fall very much short of the estimated income, the balance left out of each year's realizations after the adjustment of the year's interest being only a few hundreds of rupees and that in these circumstances there is no prospect of the liquidation of a loan of Rs.27,500 and its overdue interest of Rs.12,412 within a reasonable time.

I am directed to request you to be so good as to see if particular attention is paid to the management of the property with a view to realise so much income therefrom as is possible and to suggest some means for getting the loan adjusted within a reasonable time--in the interests both of the petitioner and of Government.

P.T.O.

The Inamdars right to the excise revenue of Thumbanerle which is one of the properties mortgaged to Government has been conceded in Government Order No.Fl.2617/S.R.69-09 dated 23rd November 1916

What the amount due to Inamdar is and whether steps have been taken to obtain the refund and adjust the same towards the loan may be stated.

An early report is requested.

I have the honour to be,

Sir,

To

Rajamantrapravina Diwan Bahadur
J.S. Chakravarti, Esq., M.A., F.R.A.S.,

Financial Secretary to the Government
of H. H. The Maharaja of Mysore.

Sir,

With reference to your letter No.Fl.5872/G.F.111-15-8 dated the 11th January 1917 calling for a report in regard to the management of Inam Thumba Nirle Village belonging to Mr. M.S. Nanjanraj Urs in the Nanjangud taluk, which is under Government management on account of a loan of Rs.27,500 sanctioned in favour of its proprietor under the scheme for -- affording relief to encumbered Jahgirdars, I have the honour to submit herewith correspondence ending with the Nanjangud Sub Division Officer's memo No.1035 dated the 26th May 1917 and to state that it is seen therefrom that there is no -- perceptible decrease in the Jamabandi of the village except a few miscellaneous items which are subject to fluctuations every year. A reference to the mortgage deed shows that it is provided that the management of the Inam village should remain with the Inamdar that the loan and interest at 5 per cent should be repaid by annual instalment of not less than Rs.2,500 from the income of the mortgaged property as also from the realisations of their paddy fields and other properties, that in the case of default in the payment of any instalment, the Inamdar was liable to pay a penal interest of 12 per cent on all overdue instalments and that Government might assume the

the management of the Inam village.

2. Failure on the part of the Inamdar to pay up the instalments regularly under the terms of the bond contributed to the increase of interest and led to Government assuming under their management the mortgaged property. This did not yield sufficient income towards the repayment of the loan. Consequently the loan remains the same ever since it was sanctioned without any material reduction.

3. As regards the means for getting the loan adjusted within a reasonable time, I have to state that there is no prospect of liquidation of the loan unless the Inamdar chooses to pay up the amount to Government as even a Civil suit for the recovery of the money cannot be filed in consequence of the Government being in possession of the mortgaged property.

4. In regard to the adjustment of the Excise revenue due to the Inamdar towards the loan, I have to state that the District Excise Officer, Mysore in his docket No.3153 dated the 7th February 1917 (copy enclosed) intimates that the original bills have not been received from the Taluk that the Amildar having reported that the Treasury accounts for 1892-93 to 1894-95 were not forthcoming in the Taluk office, the Amildar has been requested to depute the Vottu Mutsadi to the District Treasury for getting the needful references and that the refund bills will be submitted as soon as they are received. The District Excise Officer has been requested to take very early steps to obtain refund of the amount in question for adjustment towards the loan.

With reference to his docket S.C. No.369 of 16-17 dated 18th January 1917 requesting ~~km~~ the early submission of the refund bills, relating to the Inam Thumbanerle village Nanjangud Taluk, has the honour to state that the original bills in question have not been received from the Taluk as yet. Instructions have been issued to the Amildar of Nanjanjud taluk to submit the bills immediately. The Amildar intimates that the Treasury accounts are not forthcoming in the Taluk Treasury for the years 1892-93 to 1894-95 and as such the verification lists could not be prepared for those years. The Amildar is requested to depute the Vott Mutsaddi to the District Treasury for getting the needful reference and the refund bills will be submitted as soon as they are received.

To

Sir M. Visvesvaraya, B.A., &c.,

Dewan of Mysore, Bangalore.

Sir,

The humble memorial of K.S. Nanjaraja Urs son of late Siddaraj Urs, Inamdar of Tumnarle Village, Nanjangud Taluk, Mysore District, and residing at Viceroy Road, Mysore

The Undersigned memorialist begs to state and humbly pray as follows:--

1). That your humble memorialists father the late Siddaraja Urs and his aunt the late Krishnajammanniavaru hypothicated the village of Tumnarale, Nanjangud Taluk, Mysore District, in favour of Government of Mysore and took a loan of twenty seven (and five thousand) rupees with interest at the rate of five per cent per annum. After the date of the above said hypothication the village continued to be in the possession of the said late Krishnajammanniavaru for some time. As the said Krishnajammanniavaru failed to pay punctually the instalments to the Government as they fell due, the penal rate of interest at twelve per cent per annum which was intended to be only in-terrorum and not to be acted upon was rigorously enforced by the Government and after some years the Government took the management of the village in question also into their own hands.

2). If the Government had been pleased to assume the Management of the village soon after default was made in the payment of the instalments to the Government there would have been no occasion for the enforcement of the Penal rate of interest of twelve per cent per annum and consequently there

there could not have been any liability on my part to have paid and to continue to pay an exorbitant sum by way of interest. As it is the annual income of the village is less than the amount of interest accruing for the corresponding period at the enhanced rate of twelve per cent per annum thus while the amount of interest itself is fast growing to a large extent there is not even a remote possibility of the principle sum being worked out by the income of the Village. Therefore your humble memorialist ventures to think of raising a loan on the security of the said village and of discharging the whole debt due to the Government.

3). Excise Revenue of this Inam Village due to the Inamdar for the last twenty four years has not been paid to him by the Government. If the said amount is paid to the memorialist your humble memorialist thinks of supplementing this amount of excise revenue due by the Government to him by raising a loan and of discharging the hypothication debt due to the Government.

4). In the hypothication bond there is a clause for the penal rate of interest of twelve per cent per annum in case there should be a default in the payment of instalments as also a clause for the immediate assuming of possession of the village by the Government. But as only the former clause relating to the enhanced rate of interest was enforced and not the latter with regard to the taking of the possession by the Government your memorialist has had to suffer great loss thereby, and your memorialist could not petition the Government as he was during that period a minor in law. The Clause relating to the enhanced rate of twelve per cent per annum was intended only to ensure the punctual payment of the instalments and not to be acted upon. But to the great misfortune of your memorialist this clause is being

rigorously

rigorously enforced with the result that there is absolutely no chance of the debt being worked out by the annual income of the Inam village when this memorialist petitioned to you with regard to this matter of interest he received a reply to the effect that his prayer would be favourably considered and interest amount excused at the time of the payment of the principle. As your memorialist is now prepared to pay the principle he humbly prays that he may be relieved from paying the interest due to the Government.

5) Your humble memorialist does not know the exact amount due to him by the Government on account of excise revenue of the village on account of the village for the last twenty four years. The said memorialist now humbly prays that he may be excused from the payment of interest, that the amount due to him by the Government on account of the arrears of the excise revenue be set off against the principle of the hypothication debt due to the Government. The humble memorialist further begs to state that he is now prepared to tender whatever remains to be paid to the Government after the above said adjustment has been made.

Your memorialist humbly prays that you may be pleased to grant his prayers and that he may be allowed to redeem the village.

Your humble memorialist begs to remain

Your most obedient servant,

4). In the hypothication bond there is a clause for the penal rate of interest of twelve per cent per annum in case there should be a default in the payment of instalments as also a clause for the immediate assuming of possession of the village by the Government. But as only the former clause relating to the enhanced rate of interest was enforced and not the latter with regard to the taking of the possession by the Government your memorialist has had to suffer great loss thereby, and your memorialist could not petition the Government as he was during that period a minor in law. The Clause relating to the enhanced rate of twelve per cent per annum was intended only to ensure the punctual payment of the instalments and not to be acted upon. But ~~to~~ to the great misfortune of your memorialist this clause is being

rigorously

rigorously enforced with the result that there is absolutely no chance of the debt being worked out by the annual income of the Inam village. When this memorialist petitioned to you with regard to this matter of interest he received a reply to the effect that his prayer would be favourably considered and interest-amount excused at the time of the payment of the principle. As your memorialist is now prepared to pay the principle he humbly prays that he may be relieved from paying the interest due to the Government.

5) Your humble memorialist does not know the exact amount due to him by the Government on account of excise revenue of the village ~~on account of the village~~ for the last twenty four years. The said memorialist now humbly prays that he may be excused from the payment of interest, that the amount due to him by the Government on account of the arrears of the excise revenue be set off against the principle of the hypothication debt due to the Government. The humble memorialist further begs to state that he is now prepared to tender whatever remains to be paid to the Government after the above said adjustment has been made.

Your memorialist humbly prays that you may be pleased to grant his prayers and that he may be allowed to redeem the village.

Your humble memorialist begs to remain

Sir,

The humble memorial of H.S. Nanjaraja Urs son of late Siddaraj Urs, Inamdar of Tumnarle Village, Nanjangud Taluk, Mysore District, and residing at Viceroy Road, Mysore

The Undersigned memorialist begs to state and humbly pray as follows:--

1). That your humble memorialists father the late Siddaraja Urs and his aunt the late Krishnajammanniavaru hypothicated the village of Tumnerale, Nanjangud Taluk, Mysore District, in favour of Government of Mysore and took a loan of twenty seven thousand (and five hundred) rupees with interest at the rate of five per cent per annum. After the date of the above said hypothication the village continued to be in the possession of the said late Krishnajammanniavaru for some time. As the said Krishnajammanniavaru failed to pay punctually the instalments to the Government as they fell due, the Penal rate of interest at twelve per cent per annum which was intended to be only in terrorum and not to be acted upon was rigorously enforced by the Government and after some years the Government took the management of the village in question also into their own hands.

2). If the Government had been pleased to assume the Management of the village soon after default was made in the payment of the instalments to the Government, there would have been no occasion for the enforcement of the Penal rate of interest of twelve per cent per annum and consequently there

there could not have been any liability on my part to have paid and to continue to pay an exorbitant sum by way of interest. As it is the annual income of the village is, less than the amount of interest accruing for the corresponding period at the enhanced rate of twelve per cent per annum thus while the amount of interest itself is fast growing to a large extent there is not even a remote possibility of the principle sum being worked out by the income of the Village. Therefore your humble memorialist ventures to think of raising a loan on the security of the said village and of discharging the whole debt due to the Government.

3). Excise Revenue of this Inam Village due to the Inamdar for the last twenty four years has not been paid to him by the Government. If the said amount is paid to the memorialist your humble memorialist thinks of supplementing this amount of excise revenue due by the Government to him by raising a loan and of discharging the hypothication debt due to the Government.

4). In the hypothication bond there is a clause for the penal rate of interest of twelve per cent per annum in case there should be a default in the payment of instalments as also a clause for the immediate assuming of possession of the village by the Government. But as only the former clause relating to the enhanced rate of interest was enforced and not the latter with regard to the taking of the possession by the Government your memorialist has had to suffer great loss thereby, and your memorialist could not petition the Government as he was during that period a minor in law. The Clause relating to the enhanced rate of twelve per cent per annum was intended only to ensure the punctual payment of the instalments and not to be acted upon. But to the great misfortune of your memorialist this clause is being

rigorously

rigorously enforced with the result that there is absolutely no chance of the debt being worked out by the annual income of the Inam village when this memorialist petitioned to you with regard to this matter of interest he received a reply to the effect that his prayer would be favourably considered and interest amount excused at the time of the payment of the principle. As your memorialist is now prepared to pay ~~that~~ the principle he humbly prays that he may be relieved from paying the interest due to the Government.

5) Your humble memorialist does not know the exact amount due to him by the Government on account of excise revenue of the village on account of the village for the last twenty four years. The said memorialist now humbly prays that he may be excused from the payment of interest, that the amount due to him by the Government on account of the arrears of the excise revenue be set off against the principle of the hypothication debt due to the Government. The humble memorialist further begs to state that he is now prepared to tender whatever remains to be paid to the Government after the above said adjustment has been made.

Your memorialist humbly prays that you may be pleased to grant his prayers and that he may be allowed to redeem the village.

Your humble memorialist begs to remain

Your most obedient servant,

INAMDAR.

Paras 1,2 and 4 of the Memorial.

V.S. & Note for 25

The request for foregoing interest due under the terms of the bond cannot be granted. Government do not accept the contention that no penal interest should be charged as they might have prevented the accumulation of such interest if they had taken the property into their management immediately on default. Though under the agreement, Govt. retained the power of taking the property under their

management in case of default, they were by no means bound to exercise such power, and it was, in fact, as a concession that the management was left in the hands of one of the inamdars for a time ~~and~~ It was the duty of the person in charge of the management as well as the others -- having an interest in ~~the property~~, to see that the instalments were paid up on the due dates.

Paras 2 and 5.

The question of the settlement of the excise revenue due to the Inamdar is -- under the consideration of Government, and The Excise Commissioner is requested to expedite the disposal of the case. ~~But~~ as unsettled Excise revenue cannot be -- mixed up in the loan transaction. ~~If however it is found that Government -- wrongly~~ retained excise revenue due to the Inamdar for a number of years the question of allowing him reasonable compensation by way of interest will then be considered

M. S. Nanjaraj Urs, Esq.,
Inamdar of Tumnarle village,
Nanjangud Taluk, Viceroy Road, Mysore.

With reference to his memorial dated the 24th June 1918, a copy each being addressed to the Dewan of Mysore, First Member of Council, and the Financial Secretary praying that he may be excused the payment of interest-penal and ordinary, on the loan of twenty seven thousand and five hundred rupees, granted on the security of Tumnarle village, Nanjangud Taluk, Mysore District, that the arrears of excise revenue of the village due to him be set off against the principal debt and that he may be permitted to tender whatever remains to be paid to Government after the above said adjustment is made, the inamdar is informed as follows:-

Paras 1, 2 and 4 of the Memorial.

The request for foregoing interest due under the terms of the bond cannot be granted. Government do not accept the contention that no penal interest should be charged as they might have prevented the accumulation of such interest if they had taken the property into their management immediately on default. Though under the agreement, Government retained the

power of taking the property under their management in case of default, they were by no means bound to exercise such power, and it was, in fact, as a concession that the management was left in the hands of one of the inamdars for a time. It was clearly the duty of the person in charge of the management of the property as well as the others having an interest in it, to see that the instalments were paid up on the due dates.

Paras 2 and 6.

The question of the settlement of the excise revenue due to the Inamdar is under the consideration of Government, and the Excise Commissioner is requested to expedite the disposal of the case. Ordinarily an unsettled Excise revenue cannot be mixed up in the loan transaction. In the present case, however when the question of Excise revenue if finally settled Government will consider whether any concession can be shown in the matter of penal interest in the loan account on account of the Inamdar's Excise Revenue remaining in the hands of Government.

Excise Commissioner in Mysore,
Bangalore.

Dated Bangalore, the 10 May 1919.

Sir,

With reference to correspondence ending with your letter No.Dt.593-16 dated the 11th March 1919, in regard to the claim of toddy revenue due to the Inamdar of Tumbanerale Village, Nanjangud Taluk stating that the bills for the years 1892-93 to 1916-17 have been sanctioned for the total amount of Rs.4907-6-6, I am directed to request you to kindly send a detailed statement showing exactly the claim for each year and the amount due to the Inamdar for the year, after deducting local cess, establishment charges and the advances made in respect of that year.

The matter may be kindly treated as urgent as the adjustment of the Inamdar's loan accounts requires to be made very early.

I have the honor to be,

Sir,

Your most obedient servant,

Order. No. R2157-609
20 Septr/19

In reply to his memorial dated 24.6.1914 praying for ~~certain~~ some concessions in the matter of the Loan of Rs 27000 due to Govt; one M.S. Ranjaraj urs, Inamdar of Thambu nadu village, Ranjangud Taluk, was informed ~~that~~ when the question of ~~certain~~ the Excise revenue due to the Inamdar was finally settled, Govt ~~will~~ would consider whether any concession ~~can be~~ could be shown ~~in the way of~~ by excusing the penal interest ~~on account of~~ due Inamdar's Excise revenue ~~remaining in the hands of Govt~~.

2. The ~~payment~~ Toddy Revenue due to the Inamdar has since been calculated

and payment of the same has been ~~calculated~~ sanctioned after adjusting the advances already made on the assumption that the excise revenue due to the Inamdar had been credited to the loan account in the respective years et is calculated by the Comptroller that the penal interest charged to the Inamdar would have been less by Rs 1050-13-1 than what was actually ~~charged~~ levied ~~to the debtors~~ as such interest. Govt are accordingly pleased to waive the claim for this excess penal interest and to authorise the Comptroller to make the necessary adjustments in the accounts.
